2. Lay two 8" lengths of yarn across the template about $\frac{1}{2}$ " from the top of the cardboard
3. Starting at the bottom, lay the ends of two 48" long lengths of yarn against the template and wind 6 times, ending at the bottom

*use two different colors of yarn to get the look of our tassel

4. Tie the top strands tightly to secure the top of the tassel, double knot, and slide off the cardboard. The top strands will be what you use to tie the tassel to the gift wrap
5. Using sharp scissors, cut the loops straight across

6. double knot two 5" lengths of yarn about 1" from the top, securing ends with a tight knot, and then trim the ends
