

Clip Art: "Love in 3 Dimensions": Pop-up Proposal Valentine Instructions

from *Martha Stewart Living* | www.marthastewart.com

Print clip art (on the following page) on matte heavyweight paper. Cut along solid lines with a craft knife. Using a bone folder, score dotted lines. Then, gently bend bottom line forward; at next line up, bend backward. Alternate in this fashion until all scored lines are bent. Fold inward to close, and gently press to define folds. Back the card with a piece of colored card stock, and secure clip art to the card stock with double-sided tape.

WILL

YOU BE MY

VALENTINE
