

FOOD NAME LABELS HOW-TO

Click on each box below, and type your child's favorite foods directly into our template. Type up to 2 lines, 13 characters per line in each box. Print out the boxes on another magnet sheet. (You can also print out the blank template onto regular printer paper, and in the food names in permanent marker.) Cut out the rectangles, and use them along with our chart to plan your child's lunches.
