THE BEDFORD CRYSTAL COLLECTION

With the Bedford Crystal Collection, formal luxury becomes accessible rather than extravagant. This dazzling group, based on family antiques Martha has cherished for decades, includes chandeliers, an empire pendant, and a flush mount adorned with fine, custom-shaped crystals on frames of Oil-Rubbed Bronze. An opulent mirrored sconce features exquisite hand-cut glass.

APPROVED FOR DAMP ENVIRONMENTS.

THE BLACK MARBLE COLLECTION

Authentic black marble with delicate white veining is a uniquely elegant decorating choice, as this remarkable group of lamps illustrates. Our shapely urn designs make exquisite living room accessories, while the pillar style lends itself wonderfully to a hall or buffet table. Two lamps are topped with Ebony shades and two with Snowdrop, and each lamp is finished with Polished Nickel hardware.

BLACK MARBLE DETAIL

THE MAYFAIR COLLECTION

Forms suggested by Martha's collection of mercury glass vases have been newly fashioned from blown glass to create the Mayfair Collection. Lustrous bodies of White Milk or Black Glass are embellished with intricate Brushed Nickel turnings and Talc Linen shades. An S-arm fixture in the largest lamp makes it ideal for illuminating a spacious living room, while the smallest is perfect as a bedside accent.

THE SILVERED GLASS COLLECTION

New shapes, textures, and colors give our updated Silvered Glass group a fresh appeal. Mirror-like surfaces that beautifully reflect a room's ambiance are paired with black bases and soft bell shades of Fawn Shantung; for a dramatic alternative, the largest lamp sports a textured shade in the deepest Ebony.

THE CANDLESTICK COLLECTION

A luminous Patina Brass finish and distinctive shade combine to give these lamps their attention-grabbing beauty. Made from fabric of pure Snowdrop white, the sumptuous mushroom-pleated shades provide a lush texture to accompany the radiant candlestick bases. A walnut-based floor lamp is modeled on lamps that frame a fireplace in Martha's Maine home.

THE CERUSED WOOD COLLECTION

Though classically inspired, these solid wood lamps share soft tones that give them a decidedly modern lightness. A cerused finish defines the wood’s subtle grain, and hexagonal shades of Smoke Gray Taffeta complement the urn-shaped bodies. The spindled floor lamp is both an exceptional light source and a sculptural conversation piece.
