

Template: "Love in 3 Dimensions": Pop-up Conversation Hearts Valentine (1 of 2)

from *Martha Stewart Living* | www.marthastewart.com

Print template on colored card stock. Using a ruler as a guide, cut along solid lines with a craft knife. Working from right to left, use bone folder to score along dashed lines, and fold inward. (At center, score lines, fold small portion within the cut strip forward, but fold the remaining portion backward to allow the card to close.) Fold card inward, and gently press to define folds. Back card with a piece of colored card stock, and secure with double-sided tape. Snip double-sided tape to fit within raised portions, and affix clip art pop-up conversation hearts (see next page).

Clip Art: "Love in 3 Dimensions": Pop-up Conversation Hearts Valentine (2 of 2)
