

Mother's Day Card

1. Print these cards onto textured card stock; cut them out. 2. Dab button backs with a glue stick, and place where desired. Using a small sewing needle, poke through the card at buttonholes. 3. With the needle, run thread or embroidery floss through all buttonholes at least three times, and then knot it at the back of the card. Dot the knot with glue, and adhere it to the card to secure and prevent fraying. 4. Add a personalized greeting at the bottom of the card.
